## *Senior 3D Designer*

### Who We Are

We are growing our team and want a full-time Senior 3D Designer to join us Here.

Here is a company of thinkers, writers, designers and makers that work together to create beautiful and useful things.

We are looking for a Senior 3D Designer to join our multi-disciplinary team, who is committed and passionate about creating beautifully crafted bespoke 3D design solutions. You will create memorable experiences and build brand stories across multiple touchpoints, such as secondary packaging, windows displays and immersive branded environments. You will be a very creative problem solver with a flexible and organised mind who can produce design of the highest calibre.

Working closely with, and in support of our Design Associates, Creative Director and Creative Partners, you will actively lead the creative development of a variety of exciting projects, right from concept to creation. You will create and encourage beautiful and inspiring technical 3D designs that respond to our clients' needs and their markets challenges.

Design Disciplines: Product Design, 3D Modelling, Technical Drawings, Packaging

### Responsibilities include

- Produce award winning, creative, beautiful and useful design solutions
- Collaborate and develop strong relationships with our multi-disciplinary team
- Compile presentations and present work, both internally and to clients
- Work closely with our Project Managers and ensure deadlines are delivered on schedule
- Promote the philosophy, values, and beliefs of the company

### Essential

- Highly skilled in the use of 3D modelling software, preferably Solidworks or Rhino, and Adobe Suite
- Experience in creating technical drawings for production
- Experience working with high-profile brands across diverse design disciplines
- Ability to thrive in a fast-paced environment
- Must be an idea driven problem solver
- Excellent written and verbal communication skills
- Strong organisational and time management skills
- Meticulous eye for detail
- Confident and creatively authentic presentation skills

### Desirable

- A keen interest in sustainability and circular design solutions
- Experience in Spatial and/or Experiential Design
- Art direction
- Proactive involvement in the Company's cultural activities
